WHERE TO BUY 38

Technological firm specialized in manufacturing robots and equipment used for inspection and air duct cleaning.

LTE Canada Inc. provides everything you'll need for your air duct cleaning projects. We develop a wide range of high quality and professional products. Our team is dedicated to provide equipment of the highest standard.

The innovation of our products will allow you to benefit of a superior quality at a competitive price. We aim to make your time more effective therefore increasing your profits.

[LTECANADA.COM](https://ltecanada.com)

LTE Canada Inc. | History

LTE Canada Inc. was founded in the city of Granby, Canada in 2017. The two co-founders, Samuel Dupont and Maxime Audet both started their own ventilation duct cleaning company. Having noticed the lack of supply on the market, the two entrepreneurs decided to create LTE Canada Inc. The company's mission is to facilitate access to quality equipment for ventilation duct cleaning companies in addition to setting new standards in the industry and ensuring consistency in the quality of service delivery to the final customers.

110v 5000cfm

INCLUDED : ALL THE EQUIPMENT FOR DUCTS CLEANING.

General equipement

- ✓ Sheet metal rack, hook and strap included.
 - ✓ 24' ladders, 3 steps and stepladder
 - ✓ Trailer two axles, ramp door*. Included: ladder rack.
 - ✓ Nexview camera inspection
- * The model and size may vary depending on availability.

Air compressor, hose and fittings

The best compressor on the market adapted to the needs of companies in air duct cleaning! 150 PSI at 24.5 CFM

Whips and nozzles

- ✓ 2 rotating nozzles
- ✓ 2 fixed nozzles
- ✓ 4 different types of whips
- ✓ D-Ball

Power jets & Rods

- ✓ 11 rods
- ✓ 1 rotary powerjet 25 'and 50'
- ✓ 1 Nexa 25 'with ballvalve
- ✓ 1 X-Line whip and a 5' ballvalve
- ✓ Storage bag for rods

Portable negative machine

- ✓ Dryer collector
- ✓ Choose one of our powerfull portable air negative machine

Fogger and disinfectant

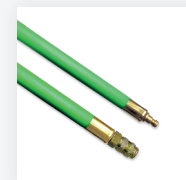

- ✓ 1 Fogger AseGun™
- ✓ 1 case of OXY Ecologo disinfectant

Duct tools accessories

- ✓ 1 Pack-out Milwaukee drill and impact tool box kit
- ✓ Screwdriver kit and small tools
- ✓ Turboshear
- ✓ Chipcollector
- ✓ Holesaw 1"3 / 8, 500 Plugs
- ✓ 1 case of 13 " grillmask
- ✓ 1 case of 8 " grillmask
- ✓ 4 cane of edgesealer
- ✓ 1 pack of 25 metal sheets
- ✓ 1 pack of 25 microfibers
- ✓ Box of screws
- ✓ 2 aluminum tapes.

STARTER-KIT TO GET STARTED

HOSES & RODS

FLEXIBLE NEXA RODS - 5' Length

Little Nexa Rod 3/8 | SKU : ROD3/8

Medium Nexa Rod 1/2 | SKU : ROD1/2

Large Nexa Rod 5/8 | SKU : ROD5/8

Perfect tool to clean main trunks and larger or small ducts. With memory material.

Plug and quickconnect press in the rod.

NEXA RODS EXTENSION - 25' Length

1/4 ID Nexa Rod | SKU : V-25
(without ball valve control)

1/4 ID Nexa Rod | SKU : V-25BV
(with ball valve control)

- Nexa connection -

Used for smaller ductwork such as cold air returns, supply vents and dryer vents. Made of 1/4" I.D. tubing which is the same plastic as our 1/2 Rod.

Stiff enough to go around elbows. Can connect to the rods.

5' HOSE WITH BALL VALVE

Ball Valve for rod (1/4 npt) | SKU : BV1-4

To control the air flow of rods and whips
Included: Plug highflow

STARTER-KIT PACKAGE

SKU : KIT-STARTER

Forward whips 12" Nexa (8 whips) | SKU : AL-8FO-12

Reverse whips 12" Nexa (8 whips) | SKU : AL-8RE-12

Forward Nexa Ball (12 holes) | SKU : AL-12FO

Reverse Nexa Ball (12 holes) | SKU : AL-12RE

5' hose with Ball Valve (1/4 npt) | SKU : BV1/4

Little Nexa Rod 3/8 | SKU : ROD 3/8

Medium Nexa Rod 1/2 | SKU : ROD1/2 (2)

Large Nexa Rod 5/8 | SKU : ROD5/8 (2)

Nexa 5" Flexible Extension

NEXA-5

Tired of fighting with your rod when the duct has many angles?

NEXA-5 help your team to turn easily inside 90° ducts.

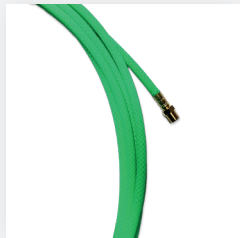

Nexa connection

You can connect whips or a rotary nozzle.

POWERJETS

Best equipment for ducts dryers cleaning or flexible ducts!

WITHOUT NEXA BALL

Powerjet 25' length (1/8 npt & 1/4 npt) | SKU : PJ25

Powerjet 30' length (1/8 npt & 1/4 npt) | SKU : PJ30

Powerjet 50' length (1/8 npt & 1/4 npt) | SKU : PJ50

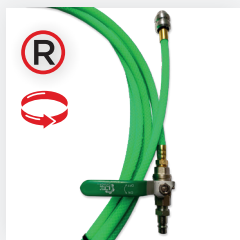

REVERSE NEXA BALL

Powerjet 25' with ball valve | SKU : PJ25-RS

Powerjet 30' with ball valve | SKU : PJ30-RS

Powerjet 50' with ball valve | SKU : PJ50-RS

SPINNING REVERSE NEXA BALL

Powerjet 25' | SKU : PJ25-RSS

Powerjet 30' | SKU : PJ30-RSS

Powerjet 50' | SKU : PJ50-RSS

**Includes Ballvalve for safety*

Powerjets are the perfect tools for efficient cleaning of flexible ducts and dryer ducts. Our Nexa Ball products with their resistant hoses available in different lengths will allow you to face any situation with amazing results!

***Preventive maintenance :** You must spray lubricant on the bearing after each use to increase the life of the rotary nozzle.

X-LINE™

X-Line Tools are the perfect choice for going through most ventilation grills without having to remove them.

X-LINE | WHIP

SKU : V25-1FO

1/4 Nexa ID X 25' lenght with 1 X-Line whip

**Include: Ballvalve*

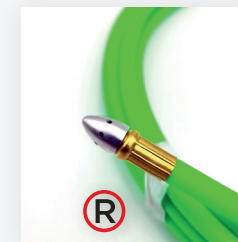

X-LINE | NOZZLE

1/4 Nexa ID X 25' lenght with 1 X-Line forward nozzle

**Include: Ballvalve*

SKU : V25-6FO

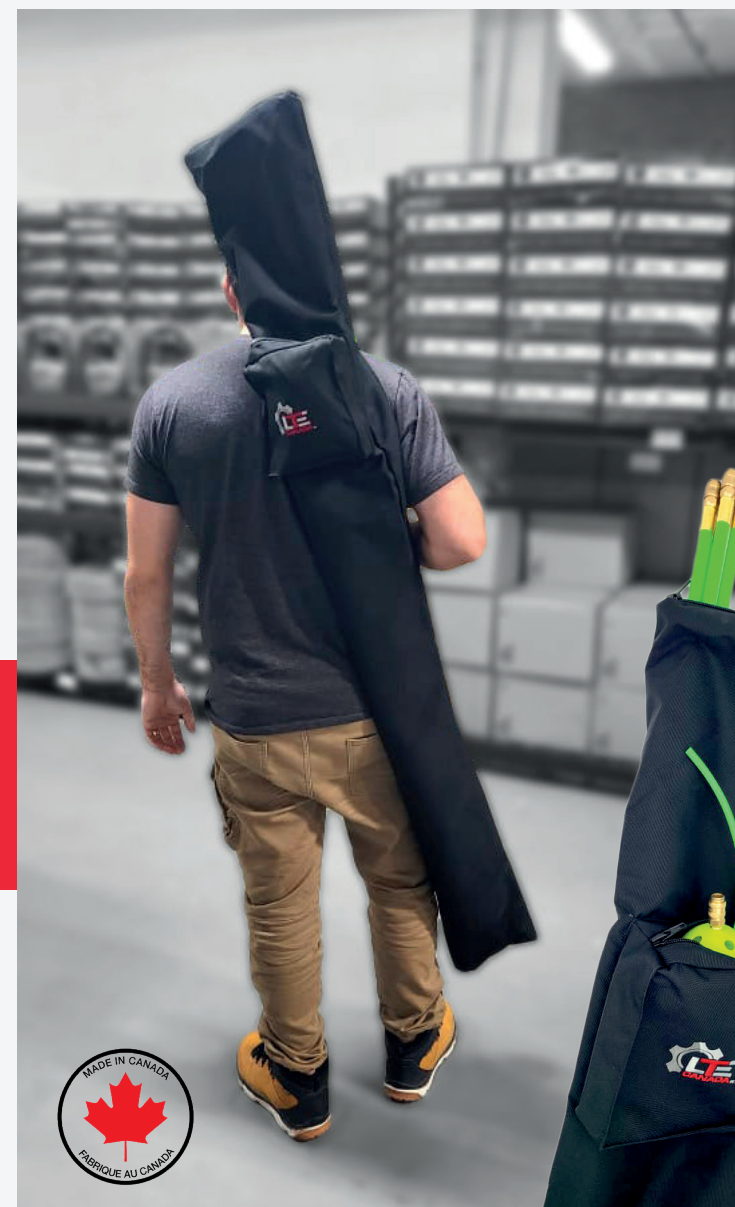

SKU : V25-6RE

BAG FOR RODS

SKU : ROD-BAG

Bag for rod and whips. Heavy duty material.

**** Rods and whips are not included.*

AIR WHIPS™

The greatest airwhips for finishing work.

The innovative Superflex™ whips allow the use of this tool even in the coldest temperatures.

- ✓ The most resistant and flexible whips on the market.
- ✓ The greatest airwhips for finishing work.

Forward = Push the dust away from the technician

Reverse = Pull dust towards the technician

D-BALL | RIDGID DUCT BALL 3"

SKU : D-BALL

Used to push easily the whips inside the flexible duct or to move the rod left and right inside a large duct. Install between the rods and the whips.

NEXA 5"

SKU : NEXA-5

Tired of fighting with your rod when the duct have many angles?

Nexa 5" flexible extension for rod. Help to turn in duct with 90 degree. You can plug whips or rotary nozzle. (Nexa connection)

FORWARD | AIRWHIPS

Forward whip 12" Nexa (1) | SKU : AL-1FO-12

Forward whips 12" Nexa (3) | SKU : AL-3FO-12

Forward whips 12" Nexa (8) | SKU : AL-8FO-12

Forward whips 20" Nexa (8) | SKU : AL-8FO-20

REVERSE | AIRWHIPS

Reverse whips 12" Nexa (8) | SKU : AL-8RE-12

Reverse whips 20" Nexa (8) | SKU : AL-8RE-20

REPLACEMENT | AIRWHIPS

Replacement kit 12" (1) | SKU : F1-12

For AL-1FO-12.

Replacement kit 12" (3) | SKU : F3-12

For AL-3FO-12.

Replacement whips kit 12" (8) | SKU : F8-12

For (AL-8FO, AL-8RE)

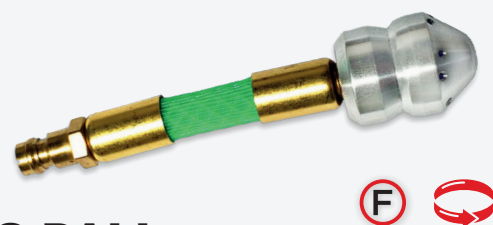

Replacement whips kit 20" (8) | SKU : F8-20

For (AL-8FO, AL-8RE)

NEXAIR NOZZLES

Nozzles for air duct cleaning. Perfect for flexible ducts.
Creates a circular air wall for thorough cleaning.

- F** Forward = Push the dust away from the technician
- R** Reverse = Pull dust towards the technician

FORWARD | BLOWING SPINNING BALL

SKU : F-SV

Forward Blowing Spinning Ball push dust by creating a round air circular wall. 10 holes. Perfect tool for flexible duct or dryer duct!

Preventive maintenance: You must spray lubricant on the bearing after each use to increase the life of the rotary nozzle.

REVERSE | BLOWING SPINNING BALL

SKU : R-SV

Reverse Blowing Spinning Ball pull dust by creating a round air circular wall . 10 holes. Perfect tool for flexible duct or dryer duct!

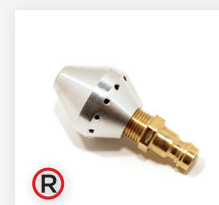

Preventive maintenance: You must spray lubricant on the bearing after each use to increase the life of the rotary nozzle.

FORWARD | NEXA BALL (12 holes)

SKU : AL-12FO

Nozzle for air duct cleaning.
Perfect for flexible duct.

REVERSE | NEXA BALL (12 holes)

SKU : AL-12RE

Nozzle for air duct cleaning.
Perfect for flexible duct.

FORWARD | SPINNING BALL (Replacement)

SKU : FS

Nexa spinning ball X Hose barb 1/4

**Replacement spinning ball*

REVERSE | SPINNING BALL (Replacement)

SKU : RS

Nexa spinning ball X Hose barb 1/4

**Replacement spinning ball*

**Preventive maintenance : You must spray lubricant on the bearing after each use to increase the life of the rotary nozzle.*

ALL THE AIR DUCT TOOLS YOU'LL NEED.

Better equipped you are. Better your work will be.

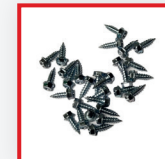

CHIP COLLECTOR

SKU : CHIPCOLLECTOR

Captures hot and messy metal chips when cutting holes.

**Drill and uni-bit not included.*

METAL SCREWS

SKU : SCREWS

1/2 Hex Head Screws
1 box = 1000 screws 1/2
Most popular fastener used by sheet metal workers.

MAGNETIC HEX DRIVER

2 inches | SKU : MSHC 4 inches | SKU : MSHMLC

Reversible & Cleanable

Quickly change between 1/4 inch and 5/16 inch. Hex sizes with Malco's unique, exclusive, dual-sided magnetic hex drivers. The reversible hex socket fits over a 1/4-inch magnet-tipped, ball locking hex shaft, and can be quickly reversed to change sizes.

1" 3/8 METAL HOLESAW

SKU : HOLESAW1-3/8

Perfect tool to make 1 3/8" hole access.
Fit with PP1-3/8 (Plastic plug 1 3/8")

PLASTIC PLUGS

SKUS : PP1, PP1-3/8, PP2

1" Plastic Plugs : 1000 Pcs/bag

1 3/8" Plastic Plugs : 500 Pcs/bag

2" Plastic Plugs : 500 Pcs/bag

GRILLMASK - HEAVY DUTY

SKUS : GRILLMASK8, GRILLMASK13

Grillmask 8" - Precut every 4"
Length : 200'

Grillmask 13" - Precut every 13"
Length : 200'

Idéal for Temporary Sealing applications

METAL SHEET HOLE CUTTER

SKU : HC1

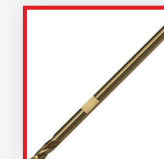

Cuts 2»-12» (51-305 mm) holes in sheet metal including up to 20 gauge galvanized steel.

Commonly used by HVACR and Roofing professionals.

Combination English/Metric diameter gauge.

High-speed bearings assure perfect cutting balance and a long cutting life.

Installs into the chuck of a standard electric drill as small as 1/4-inch.

CUTTER BIT REPLACEMENT

SKU : CB

Replacement cutter bit for Metal Sheet Hole Cutter (HC1)

CUTSHEAR

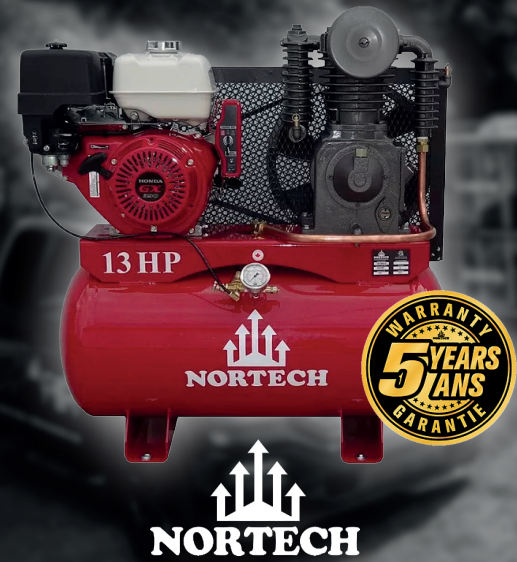

SKU : TURBOSHEAR

The time-saving cutshear inserts directly into the chuck of a standard 1200 rpm A/C or cordless drill. It's that easy to convert your power drill to a power shear!

Cutting applications include both ferrous and non-ferrous sheet metals, metal roofing/building panels, vinyl, steel mesh, ductwork, even the thick metal of furnace jackets, equipment enclosures or automotive body panels.

**Drill not included.*

AIR COMPRESSOR

Our 13-HP gasoline Honda Motor powered air compressors are ideal for service trucks or any job where electricity is unavailable. They are designed for rugged service and their compact size makes them the best choice for trucks or trailers mounting.

The electric starter can be connected to your truck's 12-volt system, or connect a battery in the case of a trailer unit. Also comes with a built-in clutch for cold start and gas saving.

150 Psi @ 24.5 CFM

13 HP - COMPRESSOR

Warranty | Pump : 5 years, motor : 3 years.

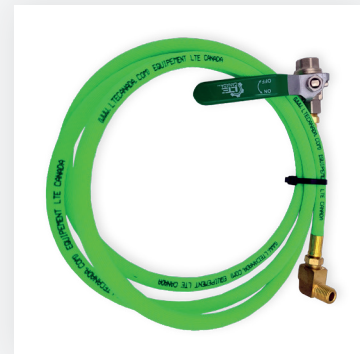

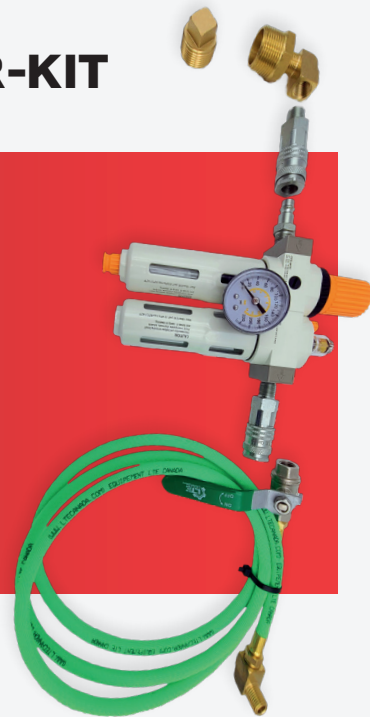

COMPRESSOR STARTER-KIT

SKU : COMP-KIT

Ready to use compressor kit.
(Regulator, connection and drain valve)

- ✓ Regulator
- ✓ Quickconnect (2)
- ✓ 1 plug
- ✓ 1 reducer
- ✓ 1 plug
- ✓ 1 drain valve

*Not included : Compressor

DRAIN VALVE

SKU : DRAIN-VALVE

Drain valve for air compressor with 6' hose and ballvalve.

REGULATOR SEPARATOR

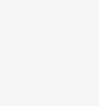

SKU : REGULATOR

Remove the moisture that comes out of the hoses. Adding a pressure regulator on your compressor will give you a fuel saving and will maximize your air pressure.

Minimum of 20 cfm @ 150 PSI. Max 240 PSI

- ✓ Modular type
- ✓ Suitable for panel mounting
- ✓ Premium grade filter (all details on ltesupplies.com)
- ✓ Good flow and regulating characteristics

SPEEDCLEAN

HVAC Maintenance and Coil Cleaning Tools

COILJET® MORE POWER, MORE PRESSURE !

HVAC COIL CLEANER SYSTEM

No Water? No Power? No Problem.

CoilJet is a portable HVAC coil cleaning system ideal for cleaning evaporator coils and condenser coils in locations where water and power may be inaccessible, such as rooftops and attics. CJ-125 is designed for portability by including separate water and chemical tanks and a long life rechargeable battery. Expertly clean condenser and evaporator coils no matter where the location may be.

- ✓ Clean HVAC condenser and evaporator coils where they are.
- ✓ Applies coil cleaner and then flush with fresh water.
- ✓ Carries all the water and coil cleaner you need to clean up to five, 5 Ton units using 125 psi pressure.

SKU : CJ-125

Dry steamer coil cleaner

SKU : SC-VSC-7000

Harness the power of steam!

Steam is an incredible, natural cleaning and sanitizing agent. It removes grease, oils, dirt and bacteria, all without one drop of a chemical. Dry steam takes it one step further. It's superheated water vapor that contains only 10% moisture or less at 235-degree temperature. This means that surfaces are cleaned, and sanitized with very little water residue remaining.

- ✓ Quickly clean and sanitize surfaces
- ✓ Removes oils, grease, and dirt
- ✓ Use on coils and other areas
- ✓ Uses no chemicals
- ✓ Includes complete accessory kit

Coiljet CJ-200e

SKU : CJ-200E

More Pressure. More Power. More Clean Coils in Less Time.

Meet the CoilJet-200E, the newest family member in the CoilJet line of portable coil cleaners.

CoilJet CJ-200E is equipped with everything you need to get your coil cleaning job done faster. Packed with features like the options of tanked water, or continuous water supply, 110V power integrated chemical tank and up to 220 PSI, this portable and powerful coil cleaning equipment can clean thicker, dirtier coils like never before!

Mini-Split Bib Kit

SKU : MSB-KIT SKU : MSB-KIT-XL

The Mini-Split Bib Kit is the fastest way to clean ductless mini-split coils, blower wheels and more. The patented technology keeps water away from walls and other surroundings and directs it into the 5-gallon bucket for disposal, so it's clean and safe all around.

Mini-Split Cleaning Kit

SKU : CJ-MSB-ACC-KIT (Accessory Kit)

Mini-Split Bib Accessory Kit completely covers every aspect of the mini-split cleaning experience. Kit includes a 24" wand with 90° spray head, a 12" flexible wand with 0° spray and a 25° fan-spray nozzle all designed for easier access and cleaning of the blower wheel and hard-to-reach dirt and debris.

CoilJet Flexible Wand 24"

SKU : 8945-FLEX-24

Reach virtually any coil in even the tightest spots.

The CoilJet flexible wand 24" can be bent to your ultimate will! Shape it to any bend or curve to reach coils in even the tightest spots.

- ✓ Perfect for hard-to-reach coils.
- ✓ Made from high grade copper materials.
- ✓ Makes cleaning coils in tight spaces easier.

BIB Cassette

SKU : SC-CB

The newest in the line of innovative ductless cleaning solutions. Cleaning ductless ceiling cassettes is a daunting task, but we've just made it a whole lot easier. Using pressurized water and coil cleaner is the key to a good coil cleaning. Our ductless cassette bib kit installs in seconds and quickly creates a safe funnel where all your water and cleaner are safely deposited into a bucket.

Super easy to use and really effective.

- ✓ Quick to set up and easy to move from job-to-job.
- ✓ Reusable
- ✓ Includes 10 ft drain line.
- ✓ Keeps walls and floors safe from water and overspray.

SpeedyFoam Coil Cleaner

SKU : CLEANER-1G

The smarter, safer & biodegradable alkaline foaming micro bubble coil cleaner. Removes grime, oil, grease and rust from condenser and evaporator coils, mechanical equipment and air filters. SpeedyFoam is safe for coated and uncoated coils.

Mini-Split Bib Bag

SKU : MSB-01 SKU : BXL-001

Mini-Split Bib Kit Replacement Bib High-quality replacement bib.

The Mini-Split Bib Kit replacement bib is made from high grade 4 mil plastic that has been sonically welded to provide strong seams and high-performance time after time.

- ✓ For use with Mini-Split Bib Kit.
- ✓ Made from high grade 4 mil plastic.
- ✓ Long life usage.

Normal = Application Range: Up to 36" wide
XL = Application Range: 36" to 60" wide

NEXAIR™ 5.0

Quality
Efficiency
Powerful

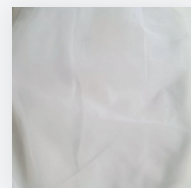

Do your job effective and efficient with the Nexair collector, the next generation in the air duct cleaning equipment. Powered by a strong dual motor and providing 5000 CFM vacuum power, Nexair will greatly simplify your work and contribute into your customer's satisfaction. Easy to carry by only one person with the integration of an inclined stair climber kit.

The **ultimate** negative air machine!

- ✓ 1.5 dual HP 115v motor
- ✓ Assembly weight: 185 lbs
- ✓ Dimensions: 20 × 30 × 48
- ✓ Aluminum and Stainless steel assembly
- ✓ 25 ft / 10-inch hose diameter (12-inch optional)
- ✓ Urethane high capacity wheels
- ✓ Powder coat black finish
- ✓ 10" flange
- ✓ 2 clamps

QUICK CONNECT
CONNECTIONS

Inspection

Easily see what you normally can't see. The inspection tool that fit your needs.

Cleaning

Cleaning large organisations ducts will be faster, better and more professional.

Coating (optional)

Airbot One is the perfect tool for coating, protecting and painting inside ducts.

THE ULTIMATE ROBOT

min. duct size : 7"x7"

The Airbot One is the ultimate robot that specialists in air duct cleaning need. With its belt system propelled by 2 high performance motors, it is able to move quickly and efficiently in ducts without any worries. Its design allows it to access all types of ducts of 7 "and more in order to inspect, clean and even apply sealants.

Dust proof

Lock and security

Nanul 935 graphite
plasticase
NANUK
PROFESSIONAL PROTECTIVE CASES

FUSIONFLEX™

The FusionFlex™ technology created by LTE Canada allows the robot to be used up to 100 feet away. This technology consists of a cable for the supply of air as well as the connection of the various electric cables ensuring supply and control of the robot. With quick connectors, this innovation will ensure that cables do not mix and clean easily.

From the robot to the carrying case, we are committed to ensuring quality and durability. Our Canadian Nanuk™ hard case is waterproof, shockproof and dustproof. It is completely legal to carry your hard case like a " Carry-on " on the plane. The size and security of the hard case are permissible at an airport for your outside contracts.

L.T.E Canada is committed to safety, that's the reason why we have installed a key switch and a safe compressed air's connection inside the hard case. A complete control panel allows easy control of the robot.

*Each hard case holds a serial number.

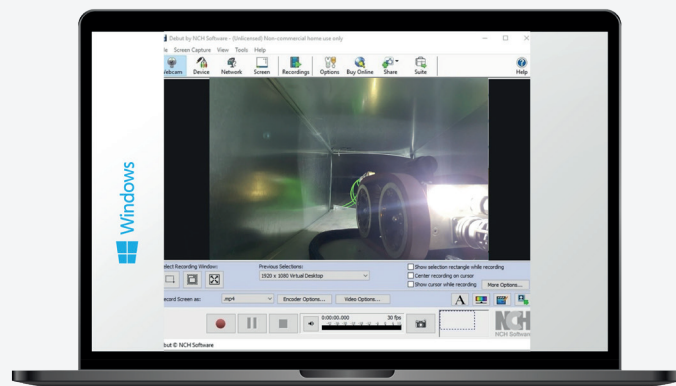

CONTROL PANEL

The AirBot One comes with a complete and easy-to-use control panel integrated in a transport case for the robot itself. That way you can control direction, motor speed, lights, dual camera set, coating kit speed and more. It's ignition switch allows you to leave the workplace and make sure the robot is safely shut off. The control case is built to view and record video either on a laptop or on a portable screen.

CAMERA SOFTWARE

The AirBot One is built to be used with a provided software or any recording software. We provide with each robot a preset laptop with NCH Debut software with a full-time licence. This software allows you to view, record and even take pictures including timestamp and add text through your keyboard.

360 DEGREES

A perfect option for extra income. A kit that will save you an incredible amount of time with its rotating nozzle of 360 degrees. A high-quality motor makes it possible to rotate the nozzle in motion with a durable chain as well as parts machined specifically for L.T.E Canada. Quality and speed of operation are our primary mission.

The advantage of the SPRAY-KIT is the ease of use as well as the cleaning at the end of each job. The system is in one piece only.
